## PROJECT DESCRIPTION

You should read [Help](#) for this section before you enter here. It could save you a lot of time.

**This project description is mandatory.** You should focus on: (1) What you plan to do and when; (2) How you plan to do it; and (3) What product is likely to result. This project description should be no longer than 8,000 characters (a space is a character). It is roughly equivalent to 3 to 4 double-spaced pages with 12 point Times font size. Longer project description will be truncated, so after you save the page, return to the project description section to see what was captured. See [Help](#) section for more information on what happens to a project description that exceeds the limit.
