

## University of Wisconsin-Madison Intellectual Property Agreement for Project Participants

In order for the University to meet its obligations, and as a condition of and in consideration for my participation in extramurally-sponsored research or activity at the University of Wisconsin-Madison, I hereby agree to disclose promptly to the University any invention, novel variety of plant which is or maybe protected under the Plant Variety Protection Act, computer software which is potentially patentable or to which the sponsor has rights under the sponsorship agreement, or mask work, made by me in whole or in part, whether solely or jointly with others, during and in the course of such extramurally supported research or activity. I further agree that I will comply with the provisions of any agreement between the University and the sponsor, and will cooperate in assuring that the sponsor's rights in intellectual property are fully protected. If an invention is funded in whole or in part by a federal agency or if the sponsored research agreement requires the University to grant rights in the invention to the sponsor, I agree that I will, if requested, assign rights to such invention to the University's designated patent agent and intellectual property management organization and will execute all papers necessary to file patent applications on the invention and establish the federal government's or other sponsor's rights in the invention. I understand that before beginning work on a specific sponsored research program that I have the right to request a copy of any agreement that is applicable to such research program.

I further acknowledge that in addition to any rights that might accrue to an extramural sponsor, the Board of Regents of the University of Wisconsin System on behalf of the University of Wisconsin-Madison reserves the right to make and use any material I created during participation in a University research program for educational or research purpose.
