Don't be fooled by the apparent distance between your field and the places being visited on the trip. It is amazing what insight you can derive from discussions with your colleagues.

Julie Allen, College of Letters and Science

It will be difficult to get a more intimate experience of the state on any other trip.

Colin Dewey, School of Medicine and Public Health

The 2010 seminar will include visits to the Aldo Leopold Shack, Baraboo; Crave Brothers Farmstead Cheese, Waterloo; Oneida Tribe of Indians of Wisconsin, Green Bay; Door County tourism; Oshkosh Correctional Institution; a manufacturing industry; and a Milwaukee public high school.
